## 7 Braeside Drive, Uki

Sold

This property provides the perfect lifestyle for anyone wishing to 'escape from the city'.

Stroll across the road to a beautiful deep swimming hole in the Tweed River or perhaps take the horses down to the shaded flats by the creek that runs across this 2.8 acre property.

The double brick residence offers 4 spacious bedrooms and 2 bathrooms with a well-considered floor plan that takes best advantage of the northerly aspect. The open plan living area leads out to a pool deck with its own pizza oven, and while the home has the comfort of natural thermal heating there is a wood burner to take the chill off those early winter mornings.

In addition to the double garage there is another structure on the property that would be ideal as a stable/tac room or perhaps a potting shed or workshop.

We encourage your inspection.
