Call to all Nature Lovers!

\$425,000

If you are looking for your own private hideaway with a difference, then this is the home for you! This 2 bedroom octagonal style home is set on almost 10 acres amongst a stunning bushland setting and across the road from State forest and Noosa tracks and trails. The large deck at the rear of the home gives you the opportunity to be at one with nature as you watch and listen to the local birds and wildlife go about their daily business.

The home displays two good sized bedrooms that both open onto the deck, open plan living, high timbered ceilings with central skylight and wood fire combustion heater for those cosy nights.

No carbon footprints here, with a solar powered system powering the whole property and back up generator plus your own spring fed dam and 67,000 litres of drinking water.

In addition to the property is a sizeable American style barn, fully lined and insulated with its own wood fire heater.

Situated just outside the hinterland township of Cooran and only seven minutes to Pomona this property is close to all your needs, but far enough away to achieve the secluded feeling.

Just 7 mins to Pomona and 30 mins Noosa.

Property ID:	L876741
Property Type:	House
Garages:	3
Land Area:	9.8 acres
