At a Glance:

- Same owner since 2013
- No dry cleaning done on site
- Trading 6 days per week
- Repeat customers
- No dry cleaning experience required

Karl Chehade Dry Cleaning is one of Adelaide's largest dry cleaners and established themselves in 1957. Having created such a renowned reputation for themselves, customers are ensured that their dry cleaning is done carefully and to the highest standard. With 20 stores in South Australia, the brand has continued to grow with positive results.

The Karl Chehade retail stores only operate as "Dry Stores". No dry cleaning is done on premises and the site is solely used as a drop off/pick up point for their clientele. All garments are picked up by Karl Chehade drivers which deliver the garments to the centralised factory in Unley to get processed and cleaned. Once processed, the drivers return the dry cleaning to the store ready for customers to pick up their garments. With no dry cleaning experience required, this business is perfect for someone with a customer service background who loves dealing with people.
