\$600,000-\$630,000

A stunning central township location in one of Sunbury's best streets, from its exceptional position, 72 Jackson Street, Sunbury presents an unfolding experience of architectural elegance and unparalleled amenity and its Brand New. A small boutique development with only 3 on the block, each residence is perfected by the timeless qualities of refined design and craftsmanship.

Generous living and well-appointed with all high end features in a class of its own. Modern open plan interiors offer every advantage of space and light, while natural textures of stone in wet areas with warm timber flooring living is a picture of luxury that leaves nothing to wish for.
