4

28 Prime Street, Parham

Sold for \$80,000 (Nov 20, 2018)

Situated on the corner of Prime & Goods Streets this 889 square metre allotment would be the prime location to build your holiday or retirement home.

There is currently an old shack on the block, If you wanted a project to work on in your spare time you may take it on and renovate it however you would probably demolish it and rebuild.

There is mains water and power to the property.

Being a corner allotment it allows you to utilise the 889 square metres to it's fullest with having side access.

Parham offers a lot of character and feel of a seaside village with locals driving around the streets on their jinkers whether they have got the boat on the back or not.

It is a great community to live in with the local club being the social meeting place for a meal, refreshment and chat. Come & Enjoy !

Property ID: 19861255

Property Type: House

Garages: 4
