Sold for \$942,000 (Aug 17, 2020)

UNDER CONTRACT

Sure it looks mighty cute from the outside, but wait till you see the real bonus of what's been created behind that picture perfect facade.

Cleverly extended upwards and outwards, this once quaint cottage has been transformed and exploded into a three bedroom, two bathroom home with a bright, large open plan living area that spills to a palm filled courtyard.

Recently updated and beautifully maintained, this home is ready for immediate occupation without another cent to spend. Enjoy cosy ducted heating, split system cooling, solid timber floors, a main bedroom balcony with city and bay glimpses, and easy access attic storage. All in much loved bayside Newport's Crawford Street, with easy access to transport, shops, cafes and waterfront fun.
