Family Home on Big Block

Sold

Open Saturday & Sunday 11-11:30am

Here is a wonderful opportunity to purchase a lovely family home on a huge block. This unique split level house provides separation between the living, dining and kitchen area and the family bedrooms and bathroom. It is different and has a great feel. There is a third level downstairs with the laundry, second toilet and a large versatile area, which while not legal height, is able to be utilised for many purposes.

An additional feature is a highly sought after side access to a double lock up garage. Plenty of room here for your boat, van, trailer and/or extra vehicles. There is space for children and pets to play, plus potential for a pool, veggie patch or whatever you need.

Located 150 meters from Iona College this home is walking distance to the local train station and convenient to the Port of Brisbane, Brisbane Airport and Gateway Bridge. The waterfront with its parklands, cafes, restaurants, marinas and markets are only a short drive away. This is a great location.

You are welcome to inspect the property during our open house times or call Lynette for an appointment.

Property ID:	4475562
